Integrated Protection of Field Vegetables

at DoubleTree by Hilton Stratford-upon-Avon, Arden Street, Stratford-upon-Avon CV37 6QQ, UK

A three day conference
13-16 October 2019

ANNOUNCEMENT & CALL FOR PAPERS
Integrated Protection of Field Vegetables

at DoubleTree by Hilton Stratford-upon-Avon, Arden Street, Stratford-upon-Avon CV37 6QQ, UK

on 13-16 October 2019

CALL FOR PAPERS

(BASIS points will be applied for)

The pests, pathogens and weeds infesting field vegetables are becoming increasingly difficult to manage due to the reducing availability of conventional pesticides, particularly for minor crops such as vegetables, and the very high quality standards set by retailers and consumers. For these and other reasons associated with pesticide use there is considerable interest in Europe and elsewhere in integrated approaches that minimise the use of pesticides without compromising marketable yield.

The aim of this meeting, hosted jointly by the IOBC Working Group 'Integrated Protection of Field Vegetables' and the Association of Applied Biologists, is to provide crop protection specialists/practitioners with the opportunity to explore new approaches to crop protection, present the results of their recent research, and discuss ongoing research and issues that are of mutual interest and whose resolution may benefit from a multi-disciplinary approach.

Descriptions of papers can be submitted by mailing or faxing the attached sheet to the AAB Office, or online via our web site at http://www.aab.org.uk. Hover over ‘Conferences’ in the main menu and click on ‘Submit an Abstract’ from the drop-down list. This will take you to our Abstract Submission form where you can enter your contact details and upload your abstract as a word document. Please indicate if your offer is for a poster or a platform presentation and add whether you are a student to your abstract submission. Alternatively, you can send your abstract to John Andrews at the AAB Office: john@aab.org.uk

Deadline for Call for Papers is 26 July 2019

IOBC Conference – Sunday 13 October 2019 activities

We are currently planning a busy activity day for Sunday 13 October, before the main conference starts. Stratford upon Avon town centre is very compact and easy to get around.

Our itinerary is as follows:

10:30  Meet for coffee in the centre of Stratford upon Avon

11:00  Town tour, starting at the Swan Fountain, Waterside (2 hours)

13:00  Break for lunch

14:00  Tour of the three Shakespeare properties in Stratford upon Avon (Shakespeare’s House, Halls Croft, New Place/Nash’s House)
16:00  Behind the Scenes Tour of the Royal Shakespeare Theatre (1 hour) https://www.rsc.org.uk/

17:00  Break for tea

18:30  Ghost Tour in Stratford upon Avon (1½ hours)

20:00  Welcome Reception at the Turquoise Garden restaurant (Turkish cuisine) in Wood Street (150 m from the conference hotel)

There will be a charge associated with this tour, although the Welcome reception is included in the registration fee. The cost will be about £35 for the rest of the day (coffee and lunch not included), but we are trying to raise sponsorship to cover some of these costs. Please would you email John Andrews at john@aab.org.uk if you are interested in this activity; we will invoice you closer to the date when we have more information, and an idea of number of delegates interested.

**Integrated Protection of Field Vegetables (IOBC) Working Group**

The IOBC-WPRS (West Palaeartic Regional Section) is one of six Regional Sections of the International Organisation for Biological Control (IOBC). The IOBC was established in 1955 to promote environmentally safe methods of pest and disease control in plant protection. Members of the WPRS are individual scientists, governmental, scientific or commercial organisations from 24 countries of Europe, the Mediterranean region and the Middle East. IOBC-WPRS encourages collaboration in promoting feasible and environmentally safe methods of pest and pathogen control. IOBC-WPRS fosters research and practical application, organises meetings, symposia, offers training and information, especially of biological methods of control, but also of all methods, including chemicals, within an integrated pest management context. Major activities include development and standardisation of testing methods for effects of pesticides on beneficial species, pest and disease damage assessment, modelling in relation to pest and disease management, and the practical implementation of biological and integrated controls for pests and diseases of particular crops. The Working Group on ‘Integrated Protection of Field Vegetables’ meets every two years and the overall aim of the group is to develop systems that encourage the use of integrated pest, disease and weed management techniques during the commercial production of high quality vegetable crops.
Integrated Protection of Field Vegetables

at DoubleTree by Hilton Stratford-upon-Avon, Arden Street, Stratford-upon-Avon CV37 6QQ, UK

on 13-16 October 2019

I wish to offer a paper/poster presentation paper as detailed below (please indicate which)

Poster ☐ Platform ☐

PLEASE SUPPLY AN ABSTRACT ON A SEPARATE PAGE

Please tick here ☐ if you would like your name and email address (only) to be added to the delegate list

I wish to have a commercial exhibit at the conference ☐

I would be interested in sponsoring a speaker, conference proceedings or hospitality (please call Carol Millman +44 (0)2476 999484 ☐

NOTES
1. STUDENTS. It is the Association’s policy to grant reduced registration fees to students. This provision is subject to space being available and booking forms must be accompanied by a signed statement from the student’s supervisor attesting that he/she is a full-time student. If students would like to apply for an AAB Student Travel Grant please send your request in writing to the AAB Office.

Forms are available on the AAB Web Page: http://www.aab.org.uk

2. Conferences of the Association are private but visitors are most welcome. The publishing of reports of papers given at these conferences should only be done with the permission of the organiser and the authors of the papers concerned, who may require to see proofs before this permission is given.

3. The Association would like to send you details of relevant conferences in the future. Please tick box if you want to receive these details  □

4. Please note that photographs are sometimes taken at AAB conferences which we publish in our Newsletter to members.

5. Please tick here if you are happy for your name and email to be added to a delegate list  □

*AAB full membership for 2019 is £60.00 and £20.00 for students (for students, you can pay £5 in the first year and order a free copy free of Aspects of Applied Biology if you sign up with a direct debit)

For further details on membership contact the AAB Office
