Working Group Integrated Control in Oilseed Crops

WG ICOC

Report >2018 - 2019<
Oilseed rape
Plants

Linseed

Soybean

International Organization for Biological and Integrated Control

West Palaearctic Regional Section (WPRS)
Oilseed hemp
Hot topics

- Ban of neonicotinoids and its impact on pests
- Predators, parasitoids
- Insect traps, monitoring
- Clubroot of OSR
- Disease resistance
- Diversity of pathogens and their detection tools
IOBC OILB

International Organization for Biological and Integrated Control of Noxious Animals and Plants

Talk by Gosia
### First announcement

17\textsuperscript{th} Biannual Meeting

Rennes, France

|-------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Aims & Topics     | Safe the date!  
|                   | Week 40  
|                   | 29 September – 1 October 2020 |

**Contact**

Local organizer: Anne Marie Cortesero, Régine Delourme, Maxime Hervé, Institute for Genetics, Environment and Plant Protection  
Convenor: Małgorzata Jędryczka  
SG Entomology convenor: Sam Cook, SG Pathology Convenor: Małgorzata Jędryczka

**Information**

Further information and conference website will follow.
Current coordination of ICOC

Liason officer
Dr. Giselher Grabenveger, Agroscope, Zurich, Switzerland
Precursors:
Dr. Lene Sigsgaard, University of Copenhagen, DK
Prof. Dr. Barbara Ekbom, SLU, Upsala, Sweden;
Dr. Claude Alabouvette, INRA, Dijon, France

Convenor
Prof. Malgorzata Jedryczka
Institute of Plant Genetics,
Polish Academy of Science, Poznan, PL
Elected 2013 during the 15th IOBC-ICOC WG meeting in Belvaux, Luxembourg
and requested for continuation in 2018 in Zagreb, Croatia

Precursors:
Dr. Birger Koopmann, University of Gottingen, Germany
Prof. Volker Paul, University of Paderborn, Germany
Convenor and co-convenor

Pathology group

Małgorzata Jedryczka
