

## IOBC/wprs Bulletin Vol. 25(11) 2002

Working Group „Pesticides and Beneficial Organisms“, Proceedings of the meeting at San Michele All'Adige, Trento (Italy), 3-6 October 2001. Edited by: Heidrun Vogt & Udo Heimbach. ISBN 92-9067-148-X [x + 123 pp.]

Side-effects of plant protection products on mortality and reproductive capacity of the aphid parasitoid <i>Aphidius rhopalosiph</i> (DeStefani-Perez) (Hymenoptera, Braconidae) under semi-field conditions <i>Schuld, M. &amp; Moll, M.</i> .....	1
Adaptation of standard regulatory non-target arthropod test methods for testing of plant protection products with special modes of action <i>Grimm, C., Reber, B., Gray, A. &amp; Candolfi, M.P.</i> .....	7
First ring test results of a laboratory method to evaluate effects of plant protection products on larvae of <i>Poecilus cupreus</i> (Coleoptera: Carabidae) <i>Heimbach, U.</i> .....	19
Extended laboratory investigations for evaluating the effect of Karate® on females of the predatory mite species <i>Typhlodromus pyri</i> Scheuten (Acari: Phytoseiidae) <i>Baier, B. &amp; Moll, E.</i> .....	27
Data variability in carabid field studies (Coleoptera: Carabidae) and how to deal with small-scaled inhomogeneities of environmental conditions <i>Schmidt, Th., Schmuck, R. &amp; Maus, Ch.</i> .....	37
Results of the 8th and 9th IOBC Joint Pesticides Testing Programme: Persistence test with <i>Phytoseiulus persimilis</i> Athias Henriot (Acari: Phytoseiidae) <i>Blümel, S. &amp; Hausdorf, H.</i> .....	43
Side-effects of fifteen insecticides on predatory mites (Acari: Phytoseiidae) in apple orchards <i>Rodrigues, J. R., Miranda, N. R. C., Rosas, J.D. F., Maciel, C.M. &amp; Torres, L.M.</i> .....	53
Side effects of plant protection products on <i>Trichogramma cacoeciae</i> Marchal (Hym. Trichogrammatidae) <i>Abdelgader, H. &amp; Hassan, S. A.</i> .....	63
Toxicity of different pesticides to the predatory bug <i>Macrolophus caliginosus</i> (Heteroptera: Miridae) under laboratory conditions <i>Tedeschi, R., Tirry, L., Van de Veire, M. &amp; de Clercq, P.</i> .....	71
Effects of Oikos (a. i. Azadirachtin A) on the vedalia ladybeetle <i>Rodolia cardinalis</i> (Mulsant) (Coleoptera: Coccinellidae) <i>Bernardo, U. &amp; Viggiani, G.</i> .....	81
Side-effects of the microencapsulated Fenitrocap/IPM-400 (fenitrothion) and Pynrex (chlorpyrifos ethyl) on <i>Apis mellifera</i> L. (Hymenoptera: Apidae) <i>G. Angeli, Berti, M., Gottardini, E., Cristofolini, F. &amp; Forti, D.</i> .....	89
Mimic-Confirm (a. i. Tebufenozide): a tool for a soft and ecologically sound pest control in pear orchards <i>Pasqualini, E. &amp; Civolani, S.</i> .....	97
New restrictions for the use of pesticides to protect off-field non-target organisms <i>Forster, R., Kula, C., Gutsche, V. &amp; Enzian, S.</i> .....	107
Three-year study of the effects of Karate® applications in wheat on arthropod communities in a field margin – Results and the problem of small numbers <i>Freier, B., Kühne, S., Kaul, P., Baier, B., Moll, E., Jüttersonke, B. &amp; Forster, R.</i> .....	115
Off-crop pesticide drift deposition <i>Koch, H.</i> .....	121
