

IOBC/wprs Bulletin Vol. 27(5) 2004

Working Group "Integra Integrated plant protection in stone fruit". Proceedings of the Meeting at Opatjia (Croatia), 14-16 October 2002. Edited by: Piero Cravedi & Emanuele Mazzoni. ISBN 92-9067-167-8 [vi + 142 pp.].

Significance of the parasitoids and predators in IPM of sour-cherry <i>K. Balázs and G. Jenser</i>	3
New pests in peach orchards in Croatia <i>I. Ciglar, B. Barić and E. Raspudić</i>	9
<i>Cydia tenebrosana</i> – a new pest in plum fruits? <i>E. Dickler, C. Theinert C. and H. Rauleder</i>	13
Effect of the extreme cold winter in 2001/2002 on <i>Pseudaulacaspis pentagona</i> , and new data of distribution in Central-Europe <i>F. Kozár and Z.K. Benedicty</i>	19
On the transmissibility of PPV by <i>Myzus varians</i> Davidson (Homoptera: Aphididae) to <i>Clematis vitalba</i> L. (Ranunculaceae) <i>B. Manachini, G.C. Lozzia, P. Casati, P.A. Bianco and C. Longoni</i>	25
Studies on some developmental parameters of <i>Anarsia lineatella</i> Zell. reared on artificial diet <i>F. Molinari and O. Zanrei</i>	29
The damage of thrips on nectarine: sampling methods of populations and injury level <i>M.G. Tommasini and G. Burgio</i>	37
Dynamics of appearing <i>Cydia molesta</i> and <i>Anarsia lineatella</i> in peach orchards in Slovenia <i>S. Tomše, I. Žežlina and L. Milevoj</i>	51
Evolution of the dispensers of pheromone for false-trail-following in the control of <i>Cydia molesta</i> (Busck) and <i>Anarsia lineatella</i> Zeller <i>F. Molinari, F. Rama, F. Reggiori and O. Zanrei</i>	59
The use of Shin-Etsu mating disruption system in Italy <i>V. Veronelli and A. Iodice</i>	65
Three years of mass trapping with sex attractant traps for control of Anomala Scarabs in ripening peaches <i>E. Voigt and M. Tóth</i>	69
Insecticide resistance management of the green peach aphid in Italian peach orchards <i>P. Cravedi and E. Mazzoni</i>	77
Western flower thrips in peach: a new approach to control in orchards <i>J.F. Mandrin and J. Lichou</i>	81
Insecticide resistance mechanisms found in the green peach aphid in Italy <i>E. Mazzoni and F. Pavesi</i>	87
Problem of cherry fruit fly (<i>Rhagoletis cerasi</i>) in Poland – flight dynamics and control with some insecticides <i>R.W Olszak. and A. Maciesiak</i>	93
Control strategies for the Cherry Fruit Fly (<i>Rhagoletis cerasi</i>) in organic farming <i>S. Caruso and M.C. Cera</i>	101
Control strategies for Plum Sawflies (<i>Hoplocampa fava</i> , <i>Hoplocampa minuta</i>) in organic farming <i>S. Caruso and M.C. Cera</i>	107
Control trials against <i>Myzus persicae</i> and <i>Cydia molesta</i> in organic farming <i>F. Molinari, E. Mazzoni and P. Cravedi</i>	111
Bacterial spot in stone fruit tree: recent work and future possibilities <i>A. Garcia and J. Lichou</i>	119
Bacterial spot of stone fruits in Slovenia <i>T. Dreo, G. Seljak, T. Demšar and M. Ravnikar</i>	125
Use of natural compounds for plant nutrition and protection in organic farmed orchards <i>B. Marangoni, A.D. Rombolà and G. Sorrenti</i>	131
Soil management and productivity of a sweet cherry orchard <i>A. Roversi and A. Monteforte</i>	139
