

## IOBC/wprs Bulletin Vol. 28(2) 2005

Working Group „Insect Pathogens and Insect Parasitic Nematodes”, Subgroup “Melolontha”, Proceedings of the meeting at Innsbruck (Austria), 11-13 October 2004. Edited by: Siegfried Keller. ISBN 92-9067-174-0 [xi + 192 pp.]

Options for developing integrated control measures against the maize pest <i>Diabrotica virgifera virgifera</i> LeConte (Coleoptera: Chrysomelidae) in Europe Stefan Toepfer, Jozsef Kiss, Gyorgy Turoczi, Judit Komaromi & Ulrich Kuhlmann .....	3
Scarabs and other soil pests in Europe: Situation, perspectives and control strategies Siegfried Keller & Gisbert Zimmermann .....	9
Non-target effects of insect pathogenic fungi Nicolai V. Meyling, Jørgen Eilenberg & Charlotte Nielsen .....	13
Field Experience in the Control of Common Cockchafer in the Bavarian Region Spessart Ulrich Benker & Bernhard Leuprecht .....	21
Isolation of <i>B. brongniartii</i> from soil: Are the available isolation tools neutral? Jürg Enkerli, Priska Moosbauer, Franco Widmer, Silvia Dorn & Siegfried Keller .....	25
Development of the <i>Melolontha</i> populations in the canton Thurgau, eastern Switzerland, over the last 50 years Siegfried Keller & Hermann Brenner .....	31
Biocontrol of the forest cockchafer ( <i>Melolontha hippocastani</i> ): Experiments on the applicability of the “Catch and Infect”-Technique using a combination of attractant traps with the entomopathogenic fungus <i>Beauveria brongniartii</i> Robert Koller, Kerstin Jung, Stefan Scheu, Gisbert Zimmermann & Joachim Ruther .....	37
Control of the garden chafer <i>Phyllopertha horticola</i> with GranMet-P, a new product made of <i>Metarhizium anisopliae</i> Barbara Pernfuss, Roland Zelger, Roberto Kron-Morelli & Hermann Strasser .....	47
Timing of nematode application to control white grubs (Scarabaeidae) Arne Peters & Henk Vlug .....	51
<i>Metarhizium anisopliae</i> for white grub control in Nepal Yubak Dhoj GC, Siegfried Keller .....	57
Screening and selection of virulent isolates of the entomopathogenic fungus <i>Beauveria brongniartii</i> (Sacc.) Petch for the control of scarabs A. B. Hadapad, A. Reineke & C. P. W. Zebitz .....	63
European wireworms ( <i>Agriotes</i> spp.) in North America: Distribution, damage, monitoring, and alternative integrated pest management strategies Robert S. Vernon, Wim Van Herk & Jeff Tolman .....	73
Monitoring and control of <i>Agriotes lineatus</i> and <i>A. obscurus</i> in arable crops in the Netherlands Albert Ester & Klaas van Rozen .....	81
Practical implementation of a wireworm management strategy – lessons from the UK potato industry William E. Parker .....	87
An IPM approach targeted against wireworms: what has been done and what has to be done Lorenzo Furlan .....	91
Strategies to regulate the infestation of wireworms ( <i>Agriotes</i> spp. L.) in organic potato farming: results Ute Schepl & Andreas Paffrath .....	101
Status-Quo-Analysis and development of strategies to regulate the infestation of wireworms ( <i>Agriotes</i> spp. L.) in organic potato farming Ute Schepl & Andreas Paffrath .....	105
<i>Metarhizium anisopliae</i> as a biological control for wireworms and a report of some other naturally-occurring parasites Todd Kabaluk, Mark Goettel, Martin Erlandson, Jerry Ericsson, Grant Duke & Bob Vernon .....	109
Evaluation of different sampling techniques for wireworms (Coleoptera, Elateridae) in arable land Nina Brunner, Bernhard Kromp, Peter Meindl, Christian Pázmándi & Michael Traugott .....	117
Bait and pheromone trapping of <i>Agriotes</i> sp. in Lower Austria (first results) Marion Landl, Lorenzo Furlan & Johann Glauningner .....	123
A stable isotope analysis of wireworms puts new light on their dietary choices in arable land Christian Pázmándi & Michael Traugott .....	127
Pheromone composition of European click beetle pests (Coleoptera, Elateridae): common components – selective lures Miklós Tóth & Lorenzo Furlan .....	133
The Monitoring Program for the Western Corn Rootworm ( <i>Diabrotica virgifera virgifera</i> Lec.) in Austria 2004 Peter C. Cate .....	145
Trap types for capturing <i>Diabrotica virgifera virgifera</i> (Coleoptera, Chrysomelidae) developed by the Plant Protection Institute, HAS, (Budapest, Hungary): performance characteristics Miklós Tóth .....	147
The impact of the fungal BCA <i>Metarhizium anisopliae</i> on soil fungi and animals Martin Kirchmair, Lars Huber, Elke Leither & Hermann Strasser .....	157
Biocontrol potential of entomopathogenic nematodes against nut and orchard pests Stefan Kuske, Claudia Daniel, Eric Wyss, Jean-Paul Sarraquigne, Mauro Jermini, Marco Conedera & Jürg M. Grunder .....	163
Occurrence and harmfulness of <i>Brachyderes incanus</i> L. (Coleoptera: Curculionidae) to young Scots pine ( <i>Pinus sylvestris</i> L.) trees planted on post-fire areas Henryk Malinowski & Alicja Sierpiska .....	169
Is differentiated host plant preference of <i>Agriotes</i> sp. and <i>Melolontha</i> sp. mediated by root volatiles? Sonja Weissteiner & Stefan Schütz .....	175
Persistence of the insect pathogenic fungus <i>Metarhizium anisopliae</i> (Metsch.) Sorokin on soil surface and on oilseed rape leaves Christina Pilz, Siegfried Keller & Rudolf Wegensteiner .....	179

The natural distribution of the entomopathogenic soil fungus <i>Metarhizium anisopliae</i> in different regions and habitat types in Switzerland <i>Sónia Rodrigues, Ralf Peveling, Peter Nagel &amp; Siegfried Keller</i> .....	185
What have BIPESCO and RAFBCA achieved that could help with risk assessment and registration? <i>Hermann Strasser &amp; Barbara Pernfuss</i> .....	189
