Preface.....	i
List of participants.....	iii

Insect behaviour and ecology

Bioactive plant compounds for control of <i>Thrips tabaci</i> <i>E.H. Koschier, J. Riefler, K. Sedy</i>	1
Host-plant finding by insects – the role of volatile plant chemicals <i>S. Finch, R.H. Collier</i>	9
The role of non-cultivated plants in the colonization of a tomato field by polyphagous mirid predators (abstract only) <i>D. Perdakis, A. Giatropoulos, P. Labropoulos, D. Maselou, A. Fantinou, D. Lykouressis</i> .	17
<i>Agrotis segetum</i> in Denmark: first signs of global climate change <i>P. Esbjerg</i>	19
The life cycle of <i>Delia radicum</i> in turnip crops in the Northwest of Portugal <i>A. Aguiar, A. Ferreira, D. Martins, S. Paúl</i>	25
Effect of the surrounding landscape on the abundance of cabbage aphid in Brussels sprout fields <i>E. den Belder, J. Elderson, G. Schelling</i>	31
Weather and insect dispersal <i>B.R. Flood, M. Sandstrom, D. Changnon, T. Flood Bramall</i>	37
Pest insect control by predatory ground beetles – 40 years of doubt <i>S. Finch, R.H. Collier</i>	43

Insecticidal Control

Controlling the carrot fly (<i>Psila rosae</i>) by sowing carrot seeds film-coated with single and combination of insecticides <i>A. Ester, E.O. Fuss, H. de Putter, K. van Rozen</i>	53
Natural insecticides for the control of root flies in <i>Brassicas</i> <i>R. Meadow, A. Folkedal</i>	61

Integrated pest management

Searching for the optimal sustainable control method against <i>Thrips tabaci</i> on early white cabbage <i>S. Trdan, N. Valič, L. Andjus, D. Žnidarčič</i>	65
A pest and disease warning system for cole crops and leek in Flanders: a practical approach <i>K. Martens, N. Polvie</i>	75
Thrips control on <i>Allium</i> crops <i>R.H. Collier, M. Saynor, J. Burnstone</i>	85
Triptacon, a strategy for a supervised control of <i>Thrips tabaci</i> Lind in leek crops in Flanders (Belgium) <i>F. van de Steene, L. Tirry</i>	93
Yellow rocket (<i>Barbarea vulgaris</i>) as a trap crop in cole crops? <i>G. Siekmann, M. Hommes</i>	105
Exclusion fences against cabbage root fly and carrot fly <i>G. Siekmann, M. Hommes</i>	111
Selection of trap crop and companion plants for the management of pest insects in field vegetables <i>D. George, G. Port, R. Collier</i>	117
The use of straw mulch against aphids in field vegetables <i>G. Siekmann, M. Hommes</i>	127
Rapid forecasting of the Western Corn Root worm (<i>Diabrotica virgifera virgifera</i> LeConte), a pest of sweetcorn in Hungary <i>J. Takács, P. Balogh, M. Nádasy</i>	135
Vegetable Insect Management - 2 nd edition <i>B.R. Flood, R. Foster</i>	141

Weed control

Problems and experiences with chemical seed control in green pear crops in Hungary <i>E. Nádasy, D. Szám, Z. Sumegi, G. Wágner, G. Kazinczi, L. Labancz</i>	145
