Dear colleagues,

We are pleased to announce the next meeting of the IOBC-WPRS Working Group Integrated Protection of Field Vegetables, which will be organized by Agroscope in collaboration with BBZ Arenenberg.

The meeting will be held in Switzerland from **02 October to 06 October 2017** at different locations:

The program will start with a get-together and reception of participants including a presentation of on-going research projects at Agroscope in Wädenswil. This will be followed by discussions, presentations and an excursion to vegetable farmers at BBZ Arenenberg in Salenstein.

A wide range of researchers, scientists and students as well as professionals from the vegetable and plant protection sector of both the advisory sector and the vegetable farming sector will be invited to the meeting, which will provide opportunities to manifest existing but also to establish new collaborations. Furthermore, the meeting aims to facilitate discussions about basic and applied research of integrated protection of field vegetables.

Please visit our website to find out more: <https://www.agroscope.admin.ch/agroscope/en/home/news/events/iobc-meeting-2017.html>

This website will be regularly updated with further information.

Please inform and forward this announcement to all possibly interested colleagues!

We are looking forward to seeing you in Switzerland in 2017!
