IOBC mission and objectives

http://www.iobc-wprs.org/about/index.html

- IOBC promotes RESEARCH, DEVELOPMENT and IMPLEMENTATION of BIOLOGICAL CONTROL and INTEGRATED PEST MANAGEMENT (IPM)

of pests, diseases & weeds in agricultural/horticultural crops and forests

© IOBC WPRS, www.iobc-wprs.org 2
IOBC mission and objectives

• IOBC is a NON-PROFIT, SCIENTIFIC ORGANIZATION of individual and institutional members working with biological control, IPM and Integrated Production (IP)

• IOBC provides INDEPENDENT, PROFESSIONAL ADVICE on biological control, IPM and IP to policy makers, governments, advisory services and farmers

• IOBC RAISES PUBLIC AWARENESS of the economic and social importance of biological control, IPM and IP
IOBC mission and objectives

IOBC promotes **INTERNATIONAL COOPERATION** in research and development of biological control and IPM/IP **through**:

- international **WORKING GROUPS** and commissions on specific biocontrol and IPM topics
- organisation of conferences, **MEETINGS** and symposia
- facilitation of **TRAINING** in biocontrol and IPM
IOBC mission and objectives

IOBC assists in the COMMUNICATION among biological control and IPM workers through

- dissemination of IOBC Books, Newsletters and Bulletins

- online news (job offers, upcoming meetings, new Bulletins) on the website

- publication of BioControl

  International, peer reviewed journal for basic and applied research on biological control of invertebrate, vertebrate and weed pests and plant diseases published by Springer

  impact factor: 2013: 2.25  2014: 1.69

IOBC-WPRS Commissions
https://www.iobc-wprs.org/expert_groups/commission.html

Commissions are limited in size, much more focused on a specific subject and consist of experts appointed by the Council of WPRS. A commission may, for example, define a long-term programme for the development of biological and integrated control strategies or it may establish and maintain an adequate service requested by the WPRS members.

Why become a member?
http://www.iobc-wprs.org/member_benefits.html

• ACCESS to the WORLDWIDE NETWORK of biocontrol and IPM collaboration of IOBC

• Support the objectives, commissions and other activities of IOBC-WPRS

• Free online access to IOBC-WPRS Bulletins and other publications

• Reduced registration fees for IOBC-WPRS meetings

• Reduced subscription fee for BioControl

IOBC-WPRS offers the ideal platform and network for your research and its implementation!
